It's immense pleasure to present this semi-annual newsletter "CLOUD POINT". Computer Science and Engineering department is the dynamic and vibrant department with the blend of young and experienced Faculty. Department is actively involved in academic as well as research work in current areas of Computer Science and Engineering and multi-disciplinary streams. The department has well equipped labs with the state of art software and hardware equipments. The faculty members are constantly publishing technical papers in national and international journals and conferences. Also, they are involved in consultancy activities. The department is fortunate to have dedicated teachers, devoted students, and committed supporting staff and expert technical staff. Specially, I congratulate my students to participate various extra-curricular activities, research work and competitive exams. My best wishes to all for their bright carrier and successful life.

Vision:

Tobe acenter of excellencein ComputerScience& Engineeringeducation toprepareprofessionally competent engineers with lifelong learning attitude for the accomplishment ofever-growingneeds ofsociety.

Mission:

❖ To prepare technically and professionally competent engineers by imparting quality education through effective teaching learning methodologies and providing stimulating environment for research and innovation.

❖ To develop professional skills and right attitude in students that will help them to succeed and progress in their personal and professional career.

❖ To imbibe moral and ethical values in students with concern to society and environment.

ProgramEducationalObjectives

Graduates of the program will

❖ Demonstrate capabilities to develop optimal solution to the real world engineering problems by applying theory based practical approach of engineering and related engineering disciplines.

IndustryVisit:-

Industrial visit has its importance for students. Its main aim is to provide students an insight into the internal working of companies in the corporate world. There are various benefits of Industrial Visits. Students get a chance to learn something outside the college walls. It provides students a chance to learn practically from theoretical knowledge through interaction, working methods, and employment practices in large industries.

In this semester we have planned industry tours for all students of SY, TY and B. Tech classes, details are as follows:

SITOE

DearReaders,

We are pleased to publish the department's newsletter **'Cloud Point'**. The newsletter has a lot of interesting Campusnews which will tell you how our quiet looking campus is alwaysabuzz with activity underneath. It is an efficiency of our studentsand staff that so many activities of different flavors keep takingplace in spite of our curriculum.

I feel honored to highlight the achievements and effortstaken by our CSE department. I would like to thank our Executive Director Shri Anil Bagane Sir, Principal Dr. S. A. Khot, and all the staff members and students for their valuable support and encouragement. I hope you enjoy going through the newsletter and will also send us your opinions and suggestions to improve itfurther.

BestRegards,

Mr.G.Y.Kamble.
